

Buy A Brick

“Your name as part of our history”

As part of Avoca Beach SLSC building project, the club has initiated a 'Buy a Brick For Avoca Program', which will assist in raising the large sum of money committed to complete the renovation of our clubhouse.

The intention of the 'Buy a Brick For Avoca Program' is to give all community and club members an opportunity to participate in the rebuilding of the club and acknowledge them through name plaques inside the club. These plaques will remain for the lifespan of the renovated building as an ongoing tribute to their assistance.

The program acknowledges donors on a three-tier system:

Tier 1 Donations of **\$300** – individuals or families that donate \$300 will have their name (or family's or business name) engraved on a large plaque along with the names of all the \$300 donors.

Tier 2 Donations of **\$1,000** - individuals or families that donate \$1000 will have their name (or family's or business name) engraved on an individual plaque above the Tier 1 plaque.

Tier 3 Donations of **\$5,000** - individuals or families that donate \$5000 will have their name (or family's or business name) engraved on a larger individual plaque and their name displayed on our website if they so wish.

All donations are tax deductible as donations to a building project for charity. All donations already received for the building project will be acknowledged under this scheme.

I look forward to your support of this great cause and to your name on the wall in our new clubhouse.

Garry Clarke
President
